**Park/Recreation
Support Agency**

Application:

When should application be made?

It can be made at any time between birth and age 60. People over age 60 can continue receiving services, if they were started prior to age 60.

Who is responsible for gathering information?

The DRS counselor will gather all documentation. However, if you have current medical reports and school psychological reports, I will gladly accept them.

What referral information is necessary?

In order to have a bonafide referral, DRS needs the customers name, address, and telephone number, birth date, Social Security number, the disability, and what services that they are requesting.

Eligibility:

What are eligibility requirements?

Be under the age of 60 at time of application with no age criteria for AIDS or Traumatic Brain Injury, be a resident of the state of Illinois, be a US citizen or a legally admitted alien, have a severe disability that will last for a year or more
Have less than \$17,500.00 exempt assets or \$35,000.00 exempt family assets for a child under age 18.

Needs will be met at a cost less than or equal to the cost of a nursing home or an institutional setting.

Fully co-operate with the Medicaid application process.

Is there an income restriction?

There is no income restriction, only assets limitations.

Services:

What services does your agency provide?

Services include respite, and a regular service plan thru the home services program. These services can included help with ADL's, laundry, housekeeping, medication and wound care, weal preparation, and assist with shopping.

Who determines appropriate services?

The DRS counselor determines the level, however the customer or their family assist in writing the service plan. The customer's physician must also sign off on the plan.

What actions would terminate services?

Moving out of the state of Illinois, receiving less than 29 points on the DON at the annual reassessment, the service cost exceeds the cost of an institution.

Cost:

Is there a cost for services?

There is no cost to the customer.

Who pays for necessary diagnostic tests?

If diagnostic testing and medical appointments are needed, DRS can pay. However customers are usually seeing a physician so those records are used to determine eligibility.

Is financial support available?

There is no financial support offered.

What is needed to receive financial support?

N/A

Time Frame:

At what age should individuals apply?

An individual can apply at any age, up to 60. The children's assessment is comparing them to their age mates. It is more difficult for children under the age of 5 to become eligible, as there are no expectations of independence until that time. DO not hesitate to refer someone younger than 5, because sometimes they are eligible due to the severity of their disability.

What is the timeframe from application to initiation?

Customers will know if they are eligible for services the day of the application, pending approval of their physician. Services will not begin until there is physician approval.

What determines length of services?

Services continue until such time that a person is no longer eligible for them. Every customer is seen annually and eligibility is re-determined at that time.

Is there a waiting list?

There is no waiting list.

<input type="checkbox"/>	Parent/Advocacy	Support Agency
<input checked="" type="checkbox"/>	Residential/Workshop	

Application:

When should application be made?

As soon as possible, I am currently meeting with freshman and sophomores in High School to guarantee that the individual becomes enrolled in the PUNS as soon as possible. I also schedule transition for the final semester of school. Prior to transition, formal application should be made.

Who is responsible for gathering information?

The gathering of information is coordinated through me. I rely on a variety of sources with school, and medical sources being primary.

What referral information is necessary?

At a minimum, I would need to have a Picture ID, Social Security Card, Medicaid Card, proof of disability (School Psych, Social History).

Eligibility:

What are eligibility requirements?

The individual must be a resident of Fulton County or Havana, Age 18 or older, and have a developmental disability. Developmental Training and Sheltered Workshop Programs require a Waiver.

Is there an income restriction?

There are no income restrictions.

Services:

What services does your agency provide?

Day Programming, Sheltered Work and Community Based Employment

Who determines appropriate services?

The Intake committee makes the decision of who is eligible for services at FCRC. However, individuals that are eligible for the Development Training Program must also be awarded a Medicaid Waiver before starting. The only other way is if an individual is willing to pay privately.

What actions would terminate services?

An individual could be terminated from services if he/she met the criteria for disciplinary action as covered in Consumer Handbook.

Cost:

Is there a cost for services?

There is no direct cost for services. We generally rely on funding from the State. Each program has its own criteria. There is a process for private pay if an individual does not meet the State criteria or funding is delayed.

Who pays for necessary diagnostic tests?

The individual is responsible for entry level diagnostic testing. We do, however, attempt to refer the individual to other agencies that may be able to provide those services at little or no cost to the individual.

Is financial support available?

Since there is no direct cost for services, there is no financial support except as may be provided by the State.

What is needed to receive financial support?

There is no direct financial support, nothing is needed.

Time Frame:

At what age should individuals apply?

The individual should apply as early as possible. The sooner the individual is determined eligible for services, the less the individual will lose in skills and abilities.

What is the timeframe from application to initiation?

We normally try to complete our application process within thirty days. However, in regards to the Medicaid Waiver, the time frame is very uncertain.

What determines length of services?

The length of services is determined by the individual. We have no set limits on how long a person may receive services.

Is there a waiting list?

Currently we do not have a waiting list. However, depending on what happens with the Medicaid Waiver situation, we may have to place people on hold until they receive their award letters.

Application:

When should application be made?

It varies depending on the service, but typically at age 18 or during the last year of high school if applying for day programs or employment services. Individuals seeking home-based services must be at least age 3 to apply.

Who is responsible for gathering information?

This is usually a joint effort between the individual, family and service provider.

What referral information is necessary?

It varies, depending on the service, but at a minimum, a report completed by a licensed Psychologist, Psychiatrist or Physician indicating the individual's diagnosis of a developmental disability, psychiatric disability, or physical disability is needed.

Eligibility:

What are eligibility requirements?

Must meet the reimbursement criteria for Department of Human Services (DHS), Division of Developmental Disabilities (DHS/DDD) or Division of Rehabilitation Services (DHS/DRS), and Medicaid funding.

Is there an income restriction?

NA

Services:

What services does your agency provide?

Developmental Training, Regular Work Program, Community Employment Services, and Community Support Services

Who determines appropriate services?

Once DHS has determined that the individual is eligible/approved for services, our services are tailored to the needs of each individual and family through an individualized treatment planning process.

What actions would terminate services?

The LMRC has a policy for Exclusion, Suspension & Discharge from Services, which includes, but is not limited to, the following:

Successful completion of the program.

Repeated noncompliance or lack of attendance.

Behavior that presents a danger to other consumers, staff or visitors.

Cost:

Is there a cost for services?

No, as long as the individual meets state funding/eligibility criteria.

Who pays for necessary diagnostic tests?

It varies depending on the service, but typically these are paid by the state funding agency and/or Medicaid.

Is financial support available?

NA

What is needed to receive financial support?

NA

Time Frame:

At what age should individuals apply?

Age 18 for day programs or employment services.

Age 3 for Children's Home-Based Support.

What is the timeframe from application to initiation?

It varies depending on the service.

What determines length of services?

Length of service is based on the needs of the individual.

Is there a waiting list?

NA

Application:

When should application be made?

The timing of the application depends on the service desired. However, generally individuals transitioning out of school to PARC's adult services should pursue funding (DHS, DRS or otherwise) as soon as the funding entity allows.

Who is responsible for gathering information?

The family should gather information. PARC is willing to help in this process.

What referral information is necessary?

This also depends on the funding source. Typically, a recent psychological evaluation, medical evaluation, social history, copy of the IEP and other data such as vocational/work history and behavior data is sought.

Eligibility:

What are eligibility requirements?

Depends on the service type (Residential, Workshop, or Employment).

Is there an income restriction?

No for the majority of PARC's adult services individuals must be Medicaid eligible.

Services:

What services does your agency provide?

Adult Programs include:

Rehabilitation Services, Support Services, Employment Services, Community Living Services and Respite care.

Who determines appropriate services?

After we have described our services the individual and their family decide what program may be the best fit.

What actions would terminate services?

This is determined on an individual basis. Typically services end due to significant changes in the individuals needs.

Cost:

Is there a cost for services?

No not for the service. The only exception is if the individual chooses private pay.

Who pays for necessary diagnostic tests?

If further tests or more current testing is needed the referral/funding source is generally responsible to pursue testing.

Is financial support available?

N/A

What is needed to receive financial support?

N/A

Time Frame:

At what age should individuals apply?

The timing of the application depends on the service desired. However, generally individuals transitioning out of school to PARC's adult services should pursue funding (DHS, DRS or otherwise) as soon as the funding entity allows. PARC is willing to get involved with the planning for adult services at age 14.

What is the timeframe from application to initiation?

Once paperwork, funding and the appropriate opening are identified services generally begin in 30 days or less.

What determines length of services?

The need for services generally determines the length of service.

Is there a waiting list?

Yes, but the stay on the waiting list for most programs is related to getting the identified funding not on space in the program.

Advocates for Access is a not-for-profit, non-residential organization, established in 1985. Advocates for Access are managed by and for people with disabilities. We are a Center for Independent Living dedicated to “Empowering People with Disabilities to Live Independently in Our Community”. To fulfill this mission, Advocates for Access provides direct services, combines with advocacy for social change to allow greater integration of persons with disabilities into mainstream life. We serve people with disabilities, their families and the community in which they live. We also work with private organizations, local communities, service providers, businesses and industries that require technical assistance in responding to the needs of people with disabilities. Advocates for Access serve the counties of Peoria, Tazewell, Fulton and Woodford.

<input checked="" type="checkbox"/>	Parent/Advocacy	<input checked="" type="checkbox"/>	Support Agency
<input checked="" type="checkbox"/>	Residential/Workshop		

Application:

When should application be made?

If seeking residential or vocational services application can be made at the age of 3 years old.

Who is responsible for gathering information?

Parents/Guardians and CISA staff.

What referral information is necessary?

School IEP's, Psychological, Social Development Studies, and Agency ISP's, Medical information that documents the developmental delay, Individual's Social Security Number and Medicaid/All Kids Recipient ID number.

Eligibility:

What are eligibility requirements?

An individual has to have a developmental disability in the form of a cognitive IQ of 75 or below. Related conditions of developmental disability such as Epilepsy, Cerebral Palsy and Autism will qualify an individual as well if there are enough deficits in life skills. Individuals with Epilepsy, Cerebral Palsy and Autism can have IQ's higher than 75. The developmental disability needs to have been documented before the age of 21.

Is there an income restriction?

An individual has to qualify for Medicaid or All Kids. For All Kids eligibility the parent's income is waived.

Services:

What services does your agency provide?

Assist individuals/families in signing up for PUNS, the statewide database that shows need for residential and vocational settings. With determining an individual's

eligibility we complete a Pre-Admission Screen (PAS) after an individual comes off of PUNS for residential and vocational placement. We further assist the families in finding residential or vocational service providers to work with the individual who has a developmental disability.

Who determines appropriate services?

Once determined to qualify for services under a Pre-Admission Screen (PAS) the individual or family makes the selection of what type of services they are interested in receiving as well as who they want those services from. The CISA case manager will inform individual/families what types of services are available and who offers them.

What actions would terminate services?

Termination from CISA services would mean that the individual has been shown to NOT having a developmental disability. CISA staff will share with the individual/family how to appeal our decision with the State of IL should this occur.

Cost:

Is there a cost for services?

No- CISA is funded as a free service by the State of IL.

Who pays for necessary diagnostic tests?

When completing a PAS screen CISA will pay for a psychological to be done. The family/individual is responsible to pay for a doctor's visit to complete a physical and medical history as well as a psychiatric visit to complete a psychiatric evaluation IF the psychiatric evaluation is necessary to complete the PAS.

Is financial support available?

No

What is needed to receive financial support?

N/A

Time Frame:

At what age should individuals apply?

An individual has to be three years of age to apply for services under the PUNS database. Past the age of three it is the individual/families decision as to when they are interested in seeking residential or vocational services. However, the earlier an individual applies the better their chance of obtaining the service desired when there is a need for it.

What is the timeframe from application to initiation?

For Puns six weeks or less. To complete a PAS three to four months.

What determines length of services?

The individual/family.

Is there a waiting list?

Yes- PUNS in the waiting list (database) statewide for residential and vocational services. CISA staff assists individuals in signing up for that service.
