## **Technology Across the Curriculum to Support All Students**

Whether your students use iPads, Chromebooks, Macs, PCs, Android tablets, or any combination thereof, you'll come away from this workshop loaded with practical ways to use technology in your classroom. This workshop will provide participants with a hands-on learning environment designed to give them the confidence and skills to use technology in a meaningful way. The focus will be on providing teachers, therapists, and school administrators ideas on how to use technology to create better learning experiences for all students.
