The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this policy may forego any informal suggestions and/or attempts to resolve it and may proceed directly to this grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any

form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed under this policy shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the Cooperative will continue with a simultaneous investigation under this policy.

Deadlines

All deadlines under this policy may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, *school business days* means days on which the Cooperative's main office is open.

Filing a Complaint

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any Cooperative Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed.

For any complaint alleging bullying and/or cyberbullying of students, the Complaint Manager shall process and review the complaint according to Executive Committee policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, in addition to any response required by this policy. For any complaint alleging sexual harassment or other violation of Executive Committee policy 5:20, *Workplace Harassment Prohibited*, the Complaint Manager shall process and review the complaint according to that policy, in addition to any response required by this policy.

Investigation Process

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Complaint Manager shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her parents/guardians that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or any collective bargaining

agreement, (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law, this policy, or any collective bargaining agreement, (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older.

The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this policy about the status of the investigation. Within 30 school business days after the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Director. The Complaint Manager may request an extension of time.

The Director will keep the Executive Committee informed of all complaints.

If a complaint contains allegations involving the Director or Policy Board or Executive Committee member(s), the written report shall be filed directly with the Executive Committee, which will make a decision in accordance with paragraph four of the following section of this policy.

Decision and Appeal

Within five school business days after receiving the Complaint Manager's report, the Director shall mail his or her written decision to the Complainant and the accused by registered mail, return receipt requested, and/or personal delivery as well as to the Complaint Manager. All decisions shall be based upon the *preponderance of evidence* standard.

Within 10 school business days after receiving the Director's decision, the Complainant or the accused may appeal the decision to the Executive Committee by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Executive Committee.

Within 30 school business days after an appeal of the Executive Committee's decision, the Committee shall affirm, reverse, or amend the Director's decision or direct the Director to gather additional information. Within five school business days after the Committee's decision, the Director shall inform the Complainant and the accused of the Committee's action.

For complaints containing allegations involving the Director or Policy Board and Executive Committee member(s), within 30 school business days after receiving the Complaint Manager's or outside investigator's report, the Executive Committee shall mail its written decision to the Complainant and the accused by registered mail, return receipt requested, and/or personal delivery as well as to the Complaint Manager. This policy shall not be construed to create an independent right to a hearing before the

Director or Executive Committee. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

Appointing a Nondiscrimination Coordinator and Complaint Managers

The Director shall appoint a Nondiscrimination Coordinator to manage the Cooperative's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the Cooperative's Title IX Coordinator.

The Director shall appoint at least one Complaint Manager to administer this policy. If possible, the Director will appoint two Complaint Managers, one of each gender. The Cooperative's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

The Director shall insert into this policy and keep current the names, office addresses, email addresses, and telephone numbers of the Nondiscrimination Coordinator and the Complaint Managers.

POLICY BOARD/EXECUTIVE COMMITTEE

2:265 Title IX Sexual Harassment Grievance Procedure

Sexual harassment affects a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from sexual harassment is an important Cooperative goal. The Cooperative does not discriminate on the basis of sex in any of its education programs or activities, and it complies with Title IX of the Education Amendments of 1972 (Title IX) and its implementing regulations (34 C.F.R. Part 106) concerning everyone in the Cooperative's education programs and activities, including applicants for employment, students, parents/guardians, employees, and third parties.

Title IX Sexual Harassment Prohibited

Sexual harassment as defined in Title IX (Title IX Sexual Harassment) is prohibited. Any person, including a Cooperative employee or agent, or student, engages in Title IX Sexual Harassment whenever that person engages in conduct on the basis of an individual's sex that satisfies one or more of the following:

1. A Cooperative employee conditions the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct; or
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the Cooperative's educational program or activity; or
3. *Sexual assault* as defined in 20 U.S.C. §1092(f)(6)(A)(v), *dating violence* as defined in 34 U.S.C. §12291(a)(11), *domestic violence* as defined in 34 U.S.C. §12291(a)(12), or *stalking* as defined in 34 U.S.C. §12291(a)(36).

Examples of sexual harassment include, but are not limited to, touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, spreading rumors related to a person's alleged sexual activities, rape, sexual battery, sexual abuse, and sexual coercion.

Definitions from 34 C.F.R. §106.30

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Education program or activity includes locations, events, or circumstances where the Cooperative has substantial control over both the *Respondent* and the context in which alleged sexual harassment occurs.

Formal Title IX Sexual Harassment Complaint means a document filed by a *Complainant* or signed by the Title IX Coordinator alleging sexual harassment against a *Respondent* and requesting that the Cooperative investigate the allegation.

Respondent means an individual who has been reported to be the perpetrator of the conduct that could constitute sexual harassment.

Supportive measures mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the *Complainant* or the *Respondent* before or after the filing of a *Formal Title IX Sexual Harassment Complaint* or where no *Formal Title IX Sexual Harassment Complaint* has been filed.

Title IX Sexual Harassment Prevention and Response

The Director or designee will ensure that the Cooperative prevents and responds to allegations of Title IX Sexual Harassment as follows:

1. This includes incorporating student social and emotional development into the Cooperative's educational program as required by State law and in alignment with Executive Committee policy 6:65, *Student Social and Emotional Development*.
2. Incorporates education and training for school staff pursuant to policy 5:100, *Staff Development Program*, and as recommended by the Director, Title IX Coordinator, Nondiscrimination Coordinator, or a Complaint Manager.
3. Notifies applicants for employment, students, parents/guardians, employees, and collective bargaining units of this policy and contact information for the Title IX Coordinator by, at a minimum, prominently displaying them on the Cooperative's website, if any, and in each handbook made available to such persons.

Making a Report

A person who wishes to make a report under this Title IX Sexual Harassment grievance procedure may make a report to the Title IX Coordinator, Nondiscrimination Coordinator, a Complaint Manager, or any employee with whom the person is comfortable speaking. A person who wishes to make a report may choose to report to a person of the same gender.

School employees shall respond to incidents of sexual harassment by promptly making or forwarding the report to the Title IX Coordinator. An employee who fails to promptly make or forward a report may be disciplined, up to and including discharge.

The Director shall insert into this policy and keep current the name, office address, email address, and telephone number of the Title IX Coordinator.

Title IX Coordinator:

Processing and Reviewing a Report or Complaint

Upon receipt of a report, the Title IX Coordinator and/or designee will promptly contact the *Complainant* to: (1) discuss the availability of supportive measures, (2) consider the *Complainant's* wishes with respect to *supportive measures*, (3) inform the *Complainant* of the availability of *supportive measures* with or without the filing of a *Formal Title IX Sexual Harassment Complaint*, and (4) explain to the *Complainant* the process for filing a *Formal Title IX Sexual Harassment Complaint*.

Further, the Title IX Coordinator will analyze the report to identify and determine whether there is another or an additional appropriate method(s) for processing and reviewing it. For any report received, the Title IX Coordinator shall review Executive Committee policies 2:260, *Uniform Grievance Procedure*; 5:20, *Workplace Harassment Prohibited*; 5:90, *Abused and Neglected Child Reporting*; 5:120, *Employee Ethics; Code of Professional Conduct; and Conflict of Interest*; 7:20,

Harassment of Students Prohibited; 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*; 7:185, *Teen Dating Violence Prohibited*; and 7:190, *Student Behavior*, to determine if the allegations in the report require further action.

Reports of alleged sexual harassment will be confidential to the greatest extent practicable, subject to the Cooperative's duty to investigate and maintain an educational program or activity that is productive, respectful, and free of sexual harassment.

Formal Title IX Sexual Harassment Complaint Grievance Process

When a *Formal Title IX Sexual Harassment Complaint* is filed, the Title IX Coordinator will investigate it or appoint a qualified person to undertake the investigation.

The Director or designee shall implement procedures to ensure that all *Formal Title IX Sexual Harassment Complaints* are processed and reviewed according to a Title IX grievance process that fully complies with 34 C.F.R. §106.45. The Cooperative's grievance process shall, at a minimum:

1. Treat *Complainants* and *Respondents* equitably by providing remedies to a *Complainant* where the *Respondent* is determined to be responsible for sexual harassment, and by following a grievance process that complies with 34 C.F.R. §106.45 before the imposition of any disciplinary sanctions or other actions against a *Respondent*.
2. Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations may not be based on a person's status as a *Complainant*, *Respondent*, or witness.
3. Require that any individual designated by the Cooperative as a Title IX Coordinator, investigator, decision-maker, or any person designated by the Cooperative to facilitate an informal resolution process:
 - a. Not have a conflict of interest or bias for or against complainants or respondents generally or an individual *Complainant* or *Respondent*.
 - b. Receive training on the definition of sexual harassment, the scope of the Cooperative's *education program or activity*, how to conduct an investigation and grievance process (including hearings, appeals, and informal resolution processes, as applicable), and how to serve impartially.
4. Require that any individual designated by the Cooperative as an investigator receiving training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.
5. Require that any individual designated by the Cooperative as a decision-maker receive training on issues of relevance of questions and evidence, including when questions and evidence about the *Complainant's* sexual predisposition or prior sexual behavior are not relevant.
6. Include a presumption that the *Respondent* is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
7. Include reasonably prompt timeframes for conclusion of the grievance process.
8. Describe the range of possible disciplinary sanctions and remedies the Cooperative may implement following any determination of responsibility.
9. Base all decisions upon the *preponderance of evidence* standard.
10. Include the procedures and permissible bases for the *Complainant* and *Respondent* to appeal.
11. Describe the range of *supportive measures* available to *Complainants* and *Respondents*.
12. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person

holding such privilege has waived the privilege.

Enforcement

Any Cooperative employee who is determined, at the conclusion of the grievance process, to have engaged in sexual harassment will be subject to disciplinary action up to and including discharge. Any third party who is determined, at the conclusion of the grievance process, to have engaged in sexual harassment will be addressed in accordance with the authority of the Executive Committee in the context of the relationship of the third party to the Cooperative, e.g., vendor, parent, invitee, etc. Any Cooperative student who is determined, at the conclusion of the grievance process, to have engaged in sexual harassment will be subject to disciplinary action, including, but not limited to, suspension and expulsion consistent with student behavior policies. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action.

This policy does not increase or diminish the ability of the Cooperative or the parties to exercise any other rights under existing law.

Retaliation Prohibited

The Cooperative prohibits any form of retaliation against anyone who, in good faith, has made a report or complaint, assisted, or participated or refused to participate in any manner in a proceeding under this policy. Any person should report claims of retaliation using Executive Committee policy 2:260, *Uniform Grievance Procedure*.

Any person who retaliates against others for reporting or complaining of violations of this policy or for participating in any manner under this policy will be subject to disciplinary action, up to and including discharge, with regard to employees, or suspension and expulsion, with regard to students.

5:90 Abused and Neglected Child Reporting

Any Cooperative employee who suspects or receives knowledge that a student may be an abused or neglected child or, for a student aged 18 through 22, an abused or neglected individual with a disability, shall: (1) immediately report or cause a report to be made to the Ill. Dept. of Children and Family Services (DCFS) on its Child Abuse Hotline 1-800-25-ABUSE (1-800-252-2873)(within Illinois); 1-217-524-2606 (outside of Illinois); or 1-800-358-5117 (TTY), and (2) follow directions given by DCFS concerning filing a written report within 48 hours with the nearest DCFS field office. Any Cooperative employee who believes a student is in immediate danger of harm, shall first call 911. The employee shall also promptly notify the Director or Program Coordinator that a report has been made. The Director or Program Administrator shall immediately coordinate any necessary notifications to the student's parent(s)/guardian(s) with DCFS, the applicable school resource officer (SRO), and/or local law enforcement.

Negligent failure to report occurs when a Cooperative employee personally observes an instance of suspected child abuse or neglect and reasonably believes, in his or her professional or official capacity, that the instance constitutes an act of child abuse or neglect under the Abused and Neglected Child Reporting Act (ANCRA) and he or she, without willful intent, fails to immediately report or cause a report to be made of the suspected abuse or neglect to DCFS.

Any Cooperative employee who discovers child pornography on electronic and information technology equipment shall immediately report it to local law enforcement, the National Center for Missing and Exploited Children's CyberTipline 1-800-THE-LOST (1-800-843-5678) or online at report.cybertip.org/ or www.missingkids.org. The Director or Program Administrator shall also be promptly notified of the discovery and that a report has been made.

Any Cooperative employee who observes any act of hazing that does bodily harm to a student must report that act to the Program Administrator, Director, or designee who will investigate and take appropriate action. If the hazing results in death or great bodily harm, the employee must first make the report to law enforcement and then to the Director or Program Administrator. Hazing is defined as any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

Abused and Neglected Child Reporting Act (ANCRA), School Code, and *Erin's Law* Training

The Director or designee shall provide staff development opportunities for Cooperative employees in the detection, reporting, and prevention of child abuse and neglect.

All Cooperative employees shall:

1. Before beginning employment, sign the *Acknowledgement of Mandated Reporter Status* form provided by DCFS. The Director or designee shall ensure that the signed forms are retained.
2. Complete mandated reporter training as required by law within three months of initial employment and at least every three years after that date.
3. Complete an annual evidence-informed training related to child sexual abuse, grooming behaviors (including *sexual misconduct* as defined in *Faith's Law*), and boundary violations as required by law and policy 5:100, *Staff Development Program*.

Alleged Incidents of Sexual Abuse: Investigations

An *alleged incident of sexual abuse* is an incident of sexual abuse of a child, as defined in 720 ILCS 5/11-9.1A, that is alleged to have been perpetrated by school personnel, including a school vendor or volunteer, that occurred: on school grounds during a school activity; or outside of school grounds or not during a school activity.

If a Cooperative employee reports an alleged incident of sexual abuse to DCFS and DCFS accepts the report for investigation, DCFS will refer the matter to the local Children's Advocacy Center (CAC). The Director or designee will implement procedures to coordinate with the CAC.

DCFS and/or the appropriate law enforcement agency will inform the Cooperative when its investigation is complete or has been suspended, as well as the outcome of its investigation. The existence of a DCFS and/or law enforcement investigation will not preclude the Cooperative from conducting its own parallel investigation into the alleged incident of sexual abuse in accordance with policy 7:20, *Harassment of Students Prohibited*.

Special Director Responsibilities

The Director shall execute the requirements in policy 5:150, *Personnel Records*, whenever another Cooperative requests a reference concerning an applicant who is or was a Cooperative employee and was the subject of a report made by a Cooperative employee to DCFS.

When the Director has reasonable cause to believe that a license holder (1) committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child under ANCRA or an act of sexual misconduct under *Faith's Law*, and (2) that act resulted in the license holder's dismissal or resignation from the Cooperative, the Director shall notify the State Superintendent and the Regional Superintendent in writing, providing the Ill. Educator Identification Number as well as a brief description of the misconduct alleged. The Director must make the report within 30 days of the dismissal or resignation and mail a copy of the notification to the license holder.

The Director shall develop procedures for notifying a student's parents/guardians when a Cooperative employee, contractor, or agent is alleged to have engaged in sexual misconduct with the student as defined in *Faith's Law*. The Director shall also develop procedures for notifying the student's parents/guardians when the Board takes action relating to the employment of the employee, contractor, or agent following the investigation of sexual misconduct. Notification shall not occur when the employee, contractor, or agent alleged to have engaged in sexual misconduct is the student's parent/guardian, and/or when the student is at least 18 years of age or emancipated.

The Director shall execute the recordkeeping requirements of *Faith's Law*.

Special Policy Board/Executive Committee Member Responsibilities

Each individual Policy Board or Executive Committee member must, if an allegation is raised to the member during an open or closed Board or Committee meeting that a student is an abused child as defined in ANCRA, direct or cause the Board or Committee to direct the Director or other equivalent school administrator to comply with ANCRA's requirements concerning the reporting of child abuse.

If the Policy Board or Executive Committee determines that any Cooperative employee, other than an employee licensed under 105 ILCS 5/21B, has willfully or negligently failed to report an instance of suspected child abuse or neglect as required by ANCRA, the Policy Board or Executive Committee may dismiss that employee immediately.

When the Policy Board or Executive committee learns that a licensed teacher was convicted of any felony, it must promptly report it to the State agencies listed in policy 2:20, *Powers and Duties of the Policy Board*.

The Director shall use reasonable measures to inform staff members and students of this policy by including:

1. For students, age-appropriate information about the contents of this policy in the Cooperative's student handbook(s), on the Cooperative's website, and, if applicable, in any other areas where policies, rules, and standards of conduct are otherwise posted in each school.
2. For staff members, this policy in the appropriate employee handbook(s), if applicable, and/or in any other areas where policies, rules, and standards of conduct are otherwise made available to staff.

Investigation Process

Any Cooperative employee who receives a report or complaint of harassment must promptly forward the report or complaint to the Nondiscrimination Coordinator or a

Complaint Manager. Any employee who fails to promptly comply may be disciplined, up to and including discharge.

Reports and complaints of harassment will be confidential to the greatest extent practicable, subject to the Cooperative's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

For any report or complaint alleging sexual harassment that, if true, would implicate Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 et seq.), the Nondiscrimination Coordinator or designee shall consider whether action under policy 2:265, *Title IX Sexual Harassment Grievance Procedure*, should be initiated.

For any other alleged student harassment that does not require action under policy 2:265, *Title IX Sexual Harassment Grievance Procedure*, the Nondiscrimination Coordinator or a Complaint Manager or designee shall consider whether an investigation under policies 2:260, *Uniform Grievance Procedure*, and/or 7:190, *Student Behavior*, should be initiated, regardless of whether a written report or complaint is filed.

Reports That Involve Alleged Incidents of Sexual Abuse of a Child by School Personnel

An *alleged incident of sexual abuse* is an incident of sexual abuse of a child, as defined in 720 ILCS 5/11-9.1A(b), that is alleged to have been perpetrated by school personnel, including a school vendor or volunteer, that occurred: on school grounds during a school activity; or outside of school grounds or not during a school activity.

Any complaint alleging an incident of sexual abuse shall be processed and reviewed according to policy 5:90, *Abused and Neglected Child Reporting*. In addition to reporting the suspected abuse, the complaint shall also be processed under policy 2:265, *Title IX Sexual Harassment Grievance Procedure*, or policy 2:260, *Uniform Grievance Procedure*.

Enforcement

Any Cooperative employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action up to and including discharge. Any third party who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be addressed in accordance with the authority of the Executive Committee in the context of the relationship of the third party to the Cooperative, e.g., vendor, parent, invitee, etc. Any Cooperative student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action, including but not limited to, suspension and expulsion consistent with the behavior policy. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to disciplinary action.

Retaliation Prohibited

Retaliation against any person for bringing complaints or providing information about harassment is prohibited (see policies 2:260, *Uniform Grievance Procedure*, and 2:265, *Title IX Sexual Harassment Grievance Procedure*).

Students should report allegations of retaliation to the Schramm Program Coordinator, an administrator, the Nondiscrimination Coordinator, and/or a Complaint Manager.

7:140 Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to student vehicles parked on school property. In addition, Program Coordinators shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Director may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the Cooperative's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Director.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the Cooperative's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Director or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a

password or other related account information to gain access to the student's account or profile on a social networking website.

2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

7:180 Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important Cooperative goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the Cooperative or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any nonschool-related activity, function, or program.

Definitions 105 ILCS 5/27-23.7

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or

4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyberbullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Ill. Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a Cooperative, including without limitation school and Cooperative administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Bullying Prevention and Response Plan

The Director or designee shall develop and maintain a bullying prevention and response plan that advances the Cooperative's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the

requirements listed below; each numbered requirement, 1-12, corresponds with the same number in the list of required policy components in 105 ILCS 5/27-23.7(b) 1-12.

1. The Cooperative uses the definition of *bullying* as provided in this policy.
2. Bullying is contrary to State law and the policy of this Cooperative. However, nothing in the Cooperative's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Program Coordinator, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the Cooperative named officials or any staff member. The Cooperative named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

4. Consistent with federal and State laws and rules governing student privacy rights, the Director or designee shall promptly inform the parent(s)/guardian(s) of every student involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.
5. The Director or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into

consideration additional relevant information received during the course of the investigation about the reported bullying incident.

- b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.
- c. Notifying the Program Coordinator or designee of the reported incident of bullying as soon as possible after the report is received.
- d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Schramm Program Coordinator or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Director or designee shall investigate whether a reported incident of bullying is within the permissible scope of the Cooperative's jurisdiction and shall require that the Cooperative provide the victim with information regarding services that are available within the Cooperative and community, such as counseling, support services, and other programs.

- 6. The Director or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
- 7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. Any person's act of reprisal or retaliation will be subject to disciplinary action, up to and including discharge with regard to employees, or suspension and/or expulsion with regard to students.
- 8. A student will not be punished for reporting bullying or supplying information, even if the Cooperative's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.
- 9. The Cooperative's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
- 10. The Director or designee shall post this policy on the Cooperative's website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
- 11. Pursuant to State law and policy 2:240, *Board Policy Development*, the Board monitors this policy every two years by conducting a review and re-evaluation of

this policy to make any necessary and appropriate revisions. The Director or designee shall assist the Board with its re-evaluation and assessment of this policy's outcomes and effectiveness. Updates to this policy will reflect any necessary and appropriate revisions. This process shall include, without limitation:

- a. The frequency of victimization;
- b. Student, staff, and family observations of safety at a school;
- c. Identification of areas of a school where bullying occurs;
- d. The types of bullying utilized; and
- e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the Cooperative already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

- 1) An updated version of the policy with the amendment/modification date included in the reference portion of the policy;
- 2) If no revisions are deemed necessary, a copy of board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or
- 3) A signed statement from the Board Chairperson indicating that the Board re-evaluated the policy and no changes to it were necessary.

The Director or designee must post the information developed as a result of the policy re-evaluation on the Cooperative's website, or if a website is not available, the information must be provided to school administrators, Policy Board and Executive Committee members, school personnel, parents/guardians, and students. Reviews and re-evaluations in years they are due must be submitted to ISBE by September 30.

12. The Cooperative's bullying prevention plan must be consistent with other policies.

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. - 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a Cooperative's staff member's request to stop, present school identification, or submit to a search.
- 8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
- 9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence,

intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.

10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
11. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
13. Entering school property or a school facility without proper authorization.
14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
15. Being absent without a recognized excuse; State law and Executive Committee policy regarding truancy control will be used with chronic and habitual truants.
16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Director or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Director or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Executive Committee's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psycho-stimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Director or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Director or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The Cooperative will not provide transportation. Administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
11. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
12. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
13. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the Cooperative and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. *Corporal punishment* is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily

harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the Cooperative's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A *firearm*, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any *firearm* as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Director, and the Director's determination may be modified by the Executive Committee on a case-by-case basis. The Director or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Executive Committee permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Director or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Director in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Director or designee shall immediately notify the local law enforcement agency, Ill. State Police (ISP), and any involved student's parent/guardian. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Director or designee, is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Executive Committee may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Director, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the Cooperative's disciplinary policies. These disciplinary rules shall be presented annually to the Executive Committee for its review and approval.

A student handbook, including the Cooperative disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

7:200 Suspension Procedures

In-School Suspension

The Director or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension

The Director or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
 - a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
 - b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
 - c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
 - d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
 - e. Depending upon the length of the out-of-school suspension, include the following applicable information:
 - i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:
 - a) A threat to school safety, or
 - b) A disruption to other students' learning opportunities.
 - ii. For a suspension of 4 or more school days, an explanation:
 - a) That other appropriate and available behavioral and disciplinary interventions

have been exhausted,

b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and

c) That the student's continuing presence in school would either:

i) Pose a threat to the safety of other students, staff, or members of the school community, or

ii) Substantially disrupt, impede, or interfere with the operation of the school.

iii. For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Director or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Executive Committee by the Director or designee.

6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Executive Committee or a hearing officer appointed by the Executive Committee. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Executive Committee or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Director or designee shall invite a representative from a local mental health agency to consult with the Executive Committee. After presentation of the evidence or receipt of the hearing officer's report, the Executive Committee shall take such action as it finds appropriate. If the suspension is upheld, the Executive Committee's written suspension decision shall specifically detail items (a) and (e) in number 4, above.

STUDENTS

7:270 Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the Cooperative's procedures on dispensing medication.

No Cooperative employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Program Coordinator shall provide a copy of the policy to the parents/guardians of students.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an *SMA Form*. The Director or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian has completed and signed an *SMA Form*. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The Cooperative shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the Cooperative and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Cooperative Supply of Undesignated Asthma Medication

The Director or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated asthma medication in the name of the Cooperative and provide or administer them as necessary according to State law. *Undesignated asthma medication* means an asthma medication prescribed in the name of the Cooperative or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having *respiratory distress*. Respiratory distress may be characterized as *mild-to-moderate* or *severe*. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

Cooperative Supply of Undesignated Epinephrine Injectors

The Director or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine injectors in the name of the Cooperative and provide or administer them as necessary according to State law. *Undesignated epinephrine injector* means an epinephrine injector prescribed in the name of the Cooperative or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:
 - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
 - b. Copies of the registry identification cards are provided to the Cooperative;
 - c. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*; and
 - d. After administering the product to the student, the designated caregiver immediately removes it from school premises or the school bus.
2. A properly trained school nurse or administrator, who shall be allowed to administer the *medical cannabis infused product* to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus.
3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the Cooperative or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The Cooperative may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The **Cooperative Supply of Undesignated Asthma Medication** section of the policy is void whenever the Director or designee is, for whatever reason, unable to: (1) obtain for the Cooperative a prescription for undesignated asthma medication from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the Cooperative's prescription for undesignated school asthma medication.

The **Cooperative Supply of Undesignated Epinephrine Injectors** section of the policy is void whenever the Director or designee is, for whatever reason, unable to: (1) obtain for the Cooperative a prescription for undesignated epinephrine injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the Cooperative's prescription for undesignated school epinephrine injectors.

The **Administration of Medical Cannabis** section of the policy is void and the Cooperative reserves the right not to implement it if the Cooperative or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Director or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Undesignated Medication Disclaimers

Upon implementation of this policy, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation, parents/guardians of students, should rely on the Cooperative for the availability of undesignated medication. This policy does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

STUDENTS

7:285 Anaphylaxis Prevention, Response, and Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger anaphylaxis. Students at risk for anaphylaxis benefit from a Executive Committee policy that coordinates a planned response in the event of an anaphylactic emergency. Anaphylaxis is a severe systemic allergic reaction from exposure to allergens that is rapid in onset and can cause death. Common allergens include animal dander, fish, latex, milk, shellfish, tree nuts, eggs, insect venom, medications, peanuts, soy, and wheat. A severe allergic reaction usually occurs quickly; death has been reported to occur within minutes. An anaphylactic reaction can also occur up to one to two hours after exposure to the allergen.

While it is not possible for the Cooperative to completely eliminate the risks of an anaphylactic emergency when a student is at school, an Anaphylaxis Prevention, Response, and Management Program using a cooperative effort among students' families, staff members, students, health care providers, emergency medical services, and the community helps the Cooperative reduce these risks and provide accommodations and proper treatment for anaphylactic reactions.

The Director or designee shall develop and implement an Anaphylaxis Prevention, Response, and Management Program for the prevention and treatment of anaphylaxis that:

1. Fully implements the Ill. State Board of Education (ISBE)'s model policy required by the School Code that: (a) relates to the care and response to a person having an anaphylaxis reaction, (b) addresses the use of epinephrine in a school setting, (c) provides a full food allergy and prevention of allergen exposure plan, and (d) aligns with 105 ILCS 5/22-30 and 23 Ill.Admin.Code §1.540.
2. Ensures staff members receive appropriate training, including: (a) an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management, and (b) training required by law for those staff members acting as *trained personnel*, as provided in 105 ILCS 5/22-30 and 23 Ill.Admin.Code §1.540.
3. Implements and maintains a supply of undesignated epinephrine in the name of the Cooperative, in accordance with policy 7:270, *Administering Medicines to Students*.
4. Follows and references the applicable best practices specific to the Cooperative's needs in the Centers for Disease Control and Prevention's *Voluntary Guidelines for Managing Food Allergies in Schools and Early Care and Education Programs* and the *National Association of School Nurses Allergies and Anaphylaxis Resources/Checklists*.
5. Provides annual notice to the parents/guardians of all students to make them aware of this policy.
6. Complies with State and federal law and is in alignment with Executive Committee policies.

Monitoring

Pursuant to State law and policy 2:240, *Board Policy Development*, the Executive Committee reviews and makes any necessary updates to this policy at least once every three years. The Director or designee shall assist the Executive Committee with its review and any necessary updates.

7:290 Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important Executive Committee goals.

Suicide and Depression Awareness and Prevention Program

The Director or designee shall develop, implement, and maintain a suicide and depression awareness and prevention program (Program) that advances the Executive Committee's goals of increasing awareness and prevention of depression and suicide. This program must be consistent with the requirements of *Ann Marie's Law* listed below; each listed requirement, 1-6, corresponds with the list of required policy components in the School Code Section 5/2-3.166(c)(2)-(7). The Program shall include:

1. Protocols for administering youth suicide awareness and prevention education staff. Implementation will incorporate Association policy 5:100, *Staff Development Program*, and teacher's institutes under 105 ILCS 5/3-14.8 (requiring coverage of the warning signs of suicidal behavior).
2. Procedures for methods of suicide prevention with the goal of early identification and referral of students possibly at risk of suicide. Implementation will incorporate:
 - a. The training required by 105 ILCS 5/10-22.39 for licensed school personnel and administrators who work with students to identify the warning signs of suicidal behavior in youth along with appropriate intervention and referral techniques, including methods of prevention, procedures for early identification, and referral of students at risk of suicide; and
 - b. Ill. State Board of Education (ISBE)-recommended guidelines and educational materials for staff training and professional development, along with ISBE-recommended resources for students containing age-appropriate educational materials on youth suicide and awareness, if available pursuant to *Ann Marie's Law* on ISBE's website.
3. Methods of intervention, including procedures that address an emotional or mental health safety plan for use during the school day and at school-sponsored events for a student identified as being at increased risk of suicide including those students who: (A) suffer from a mental health disorder; (B) suffer from a substance abuse disorder; (C) engage in self-harm or have previously attempted suicide; (D) reside in an out-of-home placement; (E) are experiencing homelessness; (F) are lesbian, gay, bisexual, transgender, or questioning (LGBTQ); (G) are bereaved by suicide; or (H) have a medical condition or certain types of disabilities. 7:340 Student Records

School student records are confidential. Information from them shall not be released other than as provided by law. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction by a school employee, regardless of how or where the information is stored, except as provided in State or federal law as summarized below:

1. Records kept in a staff member's sole possession.
2. Records maintained by law enforcement officers working in the school.
3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials, for disciplinary or special education purposes regarding a particular student.
4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 18 years who has been arrested or taken into custody.

State and federal law grants students, parents/guardians, and when applicable, the Ill. Dept. of Children and Family Services' Office of Education and Transition Services, certain rights, including the right to inspect, copy, and/or challenge school student records. A student or the student's parent/guardian may request, in writing, that scores received on college entrance examinations be included on the student's academic transcript. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The Cooperative may release directory information as permitted by law, but a parent/guardian shall have the right to opt-out of the release of directory information regarding his or her child. The Cooperative will comply with State or federal law with regard to release of a student's school records, including, where applicable, without notice to, or the consent of, the student's parent/guardian or eligible student. Upon request, the Cooperative discloses school student records without parent consent to the official records custodian of another school in which a student has enrolled or intends to enroll, as well as to any other person as specifically required or permitted by State or federal law.

The Director shall fully implement this policy and designate an *official records custodian* for each school who shall maintain and protect the confidentiality of school student records, inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records.

Section 1.280 Discipline

Section 24-24 of the School Code [105 ILCS 5] provides for teachers, other licensed educational employees (except for individuals employed as a paraprofessional educator) and persons providing a related service for or with respect to a student as determined by the board of education to maintain discipline in the schools.

- a) The board of education shall establish and maintain a parent-teacher advisory committee as provided in Section 10-20.14 of the School Code .
- b) The board of education shall establish a policy on the administration of discipline in accordance with the requirements of Sections 10-20.14 and 24-24 of the School Code and disseminate that policy as provided in Section 10-20.14 of the School Code. Under no circumstance shall the policy authorize the use of isolated time out, time out, or physical restraint as a form of discipline or punishment.
- c) In addition to, or as part of, its policy on the maintenance of discipline, each board of education shall adopt policies and procedures regarding the use of behavioral interventions for students with disabilities who require intervention. Each board's policies and procedures shall conform to the requirements of Section 14-8.05(c) of the School Code.

(Source: Amended at 45 Ill. Reg. 8280, effective June 24, 2021)

Section 1.285 Requirements for the Use of Isolated Time Out, Time Out, and Physical Restraint

Isolated time out, time out, and physical restraint, as defined in this Section, shall be used only when the student's behavior presents an imminent danger of serious physical harm to the student or others, other less restrictive and intrusive measures have been tried and proven ineffective in stopping the imminent danger of serious physical harm, *there is no known medical contraindication to its use on the student, and the school staff members or members applying the intervention have been trained in its safe application under this Section.* (Section 10-20.33(b) or 34-18.20(b) of the School Code). Isolated time out, time out, or physical restraint shall not be used as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. In addition to any other remedy provided for in State or federal laws, rules, or regulations, a school district or other entity that violates this Section will be subject to the compliance measures outlined in subsection (l).

a) Isolated Time Out or Time Out

- 1) "Isolated time out" means the involuntary confinement of a student alone in a time out room or other enclosure outside the classroom without a supervising adult in the time out room or enclosure. Isolated time out is allowed only under limited circumstances. If all other requirements under this Section are met, isolated time out may be used only when the adult in the time out room or enclosure is in imminent danger of serious physical harm because the student is unable to cease actively engaging in extreme physical aggression.
- 2) "Time out" means a behavior management technique for the purpose of calming or de-escalation that involves the involuntary monitored separation of a student from classmates with an adult trained under subsection (i) for part of the school day, only for a brief time, in a non-locked setting.
- 3) "Isolated time out" or "time out" does not include a student-initiated or student-requested break, a student-initiated or teacher-initiated sensory break, including a sensory room containing sensory tools to assist a student to calm and de-escalate, an in-school suspension or detention, or any other appropriate disciplinary measure, including a student's brief removal to the hallway or similar environment.
- 4) Any enclosure used for isolated time out or time out shall:

- A) meet all of the health/life safety requirements of 23 Ill. Adm. Code 180;
 - B) have the same ceiling height as the surrounding room or rooms and be large enough to accommodate not only the student being placed in isolated time out or time out but also, if applicable, any other individual who is required to accompany that student under this Section;
 - C) be constructed of materials that cannot be used by students to harm themselves or others, be free of electrical outlets, exposed wiring, and other objects that could be used by students to harm themselves or others, and be designed so that students cannot climb up the walls;
 - D) be designed to permit continuous visual monitoring of and communication with the student; and
 - E) if fitted with a door, be fitted with either a steel door or a wooden door of solid-core construction. If the door includes a viewing panel, the panel shall be unbreakable. The door shall not be fitted with a locking mechanism or be physically blocked by furniture or any other inanimate object at any time during the isolated time out or time out.
- 5) For an isolated time out, an adult who is responsible for supervising the student must remain within two feet of the enclosure. The supervising staff member must always be able to see, hear, and communicate with the student. The door shall not be locked or held to block egress. A student in isolated time out shall not be supervised using cameras, audio recording, or any other electronic monitoring device.
- 6) For time out, an adult trained under subsection (i) who is responsible for supervising the student must remain in the same room as the student at all times during the time out.
- 7) The deprivation of necessities needed to sustain the health of a person is prohibited. A student placed in isolated time out or time out must have reasonable access to food, water, medication, and toileting facilities. Except in circumstances in which there is a risk of self-injury or injury to staff or others, a student in isolated time out or time out shall not have clothing removed, including, but not limited to, shoes, shoelaces, boots, or belts.

- b) "Physical restraint" means holding a student or otherwise restricting a student's movements. "Physical restraint", as permitted pursuant to this Section, includes only the use of specific, planned techniques.
- c) The requirements set forth in subsections (d) through (i) shall not apply to the actions described in this subsection (c) because, pursuant to Section 10-20.33 or 34-18.20 of the School Code [105 ILCS 5], *"restraint" does not include momentary periods of physical restriction by direct person-to-person contact, without the aid of material or mechanical devices, accomplished with limited force and designed to:*
 - prevent a student from completing an act that would result in potential physical harm to the student or another or damage to property.*
- d) In addition to all other requirements under this Section, the use of physical restraint shall be subject to the following requirements and limitations.
 - 1) Physical restraint must end immediately when:
 - A) the threat of imminent danger of serious physical harm ends; or
 - B) the student indicates the inability to breathe or staff supervising the student recognizes that the student may be in respiratory distress.
 - 2) The staff involved in physically restraining a student must periodically halt the restraint to evaluate if the imminent danger of serious physical harm continues to exist. If the imminent danger of serious physical harm continues to exist, staff may continue to use the physical restraint and the continued use may not be considered a separate instance of physical restraint.
 - 3) A physical restraint shall not impair a student's ability to breathe or communicate normally, obstruct a student's airway, or interfere with a student's ability to speak. If physical restraint is imposed upon a student whose primary mode of communication is sign language or an augmentative mode, the student shall be permitted to have hands free of restraint for brief periods unless the supervising adult determines that this freedom appears likely to result in harm to the student or others.
 - 4) "Prone physical restraint" means a physical restraint in which a student is held face-down on the floor or other surface and physical pressure is applied to the student's body to keep the student in the prone position.

Prone physical restraint is prohibited except in special education nonpublic facilities under Section 14-7.02 of the School Code when all of the following conditions are met:

- A) the student's Behavior Intervention Plan specifically allows for prone restraint of the student;
 - B) the Behavior Intervention Plan was put into place before January 1, 2021;
 - C) the student's Behavior Intervention Plan has been approved by the IEP team;
 - D) the school staff member or staff members applying the use of prone restraint on a student have been trained in its safe application under this Section;
 - E) the special education nonpublic facility must be able to document and demonstrate to the IEP team that the use of other de-escalation techniques provided for in the student's Behavior Intervention Plan were ineffective; and
 - F) the use of prone restraint occurs in the 2021-2022 school year.
- 5) "Supine physical restraint" means a physical restraint in which a student is held face up on the floor or other surface and physical pressure is applied to the student's body to keep the student in the supine position. Supine physical restraint is prohibited unless all of the following criteria are met:
- A) Before using a supine physical restraint, the school district or other entity serving the student shall review and determine if there are any known medical or psychological limitations that contraindicate the use of a supine physical restraint.
 - B) The school district or other entity serving the student deems the situation an emergency, defined as a situation in which immediate intervention is needed to protect a student or other individual from imminent danger of serious physical harm to the student or others and less restrictive and intrusive interventions have been tried and proven ineffective in stopping the imminent danger.
 - C) Supine physical restraint is used in a manner that does not restrict or impair a student's ability to breathe or communicate normally,

apply pressure to a student's neck, obstruct a student's airway, or interfere with a student's primary mode of communication.

- D) Supine physical restraint is used only by personnel who have completed required training under subsection (i).
- E) Supine physical restraint is used only if those interventions are the least restrictive and intrusive interventions to address the emergency and stop the imminent danger of serious physical harm to the student or others. During each incident, one school staff person trained in identifying the signs of distress must be assigned to observe and monitor the student during the entire incident. That staff person may not be involved in the physical holding of the student. The number of staff involved in physically restraining the student may not exceed the number necessary to safely hold the student. Staff involved in the restraint must use the least amount of force and the fewest points of contact necessary and must afford the student maximum freedom of movement while maintaining safety.
- F) The supine physical restraint ends immediately when the threat of imminent danger of serious physical harm ends, but in no event shall supine physical restraint last longer than 30 minutes. If after 30 minutes the emergency has not resolved, or if an additional emergency arises the same school day that meets the standards of this subsection (d), a school administrator, in consultation with a psychologist, social worker, nurse, or behavior specialist, may authorize the continuation of the restraint or an additional supine physical restraint. No restraint may be continued, nor may additional restraints be applied, unless continuation is authorized by a school administrator.
- G) If the student is restrained in a supine physical restraint in at least 2 separate instances within a 30-school day period, the school personnel who initiated, monitored, and supervised the incidents shall initiate a Restraint Review, which is a review of the effectiveness of the procedures used. If the personnel involved in the restraints do not include a psychologist, social worker, nurse, or behavior specialist, at least one of those staff members shall be included in the Restraint Review. The State Superintendent may request that the school district or entity provide documentation from the Restraint Review. The Restraint Review must include, but is not limited to:

- i) conducting or reviewing a functional behavioral analysis, reviewing data, considering the development of additional or revised positive behavioral interventions and supports, considering actions to reduce the use of restrictive procedures, or, if applicable, modifying the student's individualized educational program, federal Section 504 plan, behavior intervention plan, or other plan of care, as appropriate; and
 - ii) reviewing any known medical or psychological limitations that contraindicate the use of a restrictive procedure, considering whether to prohibit that restrictive procedure, and, if applicable, documenting any prohibitions in the student's individualized education program, federal Section 504 plan, behavior intervention plan, or other plan of care.
- 6) Students shall not be subjected to physical restraint for using profanity or other verbal displays of disrespect for themselves or others. A verbal threat shall not be considered as constituting a physical danger unless a student also demonstrates a means of or intent to immediately carry out the threat.
- 7) Except as permitted by the administrative rules of another State agency operating or licensing a facility in which elementary or secondary educational services are provided (e.g., the Illinois Department of Corrections, the Illinois Department of Juvenile Justice, or the Illinois Department of Human Services), mechanical restraint or chemical restraint, as defined in subsection (d)(11) or (d)(12), shall not be employed.
- 8) Medically prescribed restraint procedures employed for the treatment of a physical disorder or for the immobilization of a person in connection with a medical or surgical procedure shall not be used as means of physical restraint for purposes of maintaining discipline.
- 9) Any application of physical restraint shall take into consideration the safety and security of the student. Physical restraint shall not rely upon pain as an intentional method of control.
- 10) In determining whether a student who is being physically restrained should be removed from the area where the restraint was initiated, the supervising adult shall consider the potential for injury to the student, the

student's need for privacy, and the educational and emotional well-being of other students in the vicinity.

- 11) "Chemical restraint" means the use of medication to control a student's behavior or restrict a student's freedom of movement. Chemical restraint is prohibited. "Chemical restraint" does not include medication that is legally prescribed and administered as part of a student's regular medical regimen to manage behavioral symptoms and treat medical symptoms.
- 12) "Mechanical restraint" means the use of any device or equipment to limit a student's movement or hold a student immobile. Mechanical restraint is prohibited. "Mechanical restraint" does not include any restraint used to:
 - A) treat a student's medical needs;
 - B) protect a student known to be at risk of injury resulting from lack of coordination or frequent loss of consciousness;
 - C) position a student with physical disabilities in a manner specified in the student's individualized education program, federal Section 504 plan, or other plan of care;
 - D) provide a supplementary aid or service or an accommodation, including, but not limited to, assistive technology that provides proprioceptive input or aids in self-regulation; or
 - E) promote student safety in vehicles used to transport students.

e) Time Limits

- 1) A student shall be released from isolated time out or time out immediately upon determination by the staff member that the student no longer poses an imminent danger of causing serious physical harm to the student or others. No less than once every 15 minutes, an adult trained under subsection (i) must assess whether the student has ceased presenting the specific behavior for which the time out was imposed.
- 2) A student shall be released from physical restraint immediately upon a determination by the staff member administering the restraint that the student is no longer in imminent danger of causing serious physical harm to the student or others.

f) Documentation and Evaluation

- 1) In a form and manner prescribed by the State Superintendent, a written record of each episode of isolated time out, time out, or physical restraint shall be maintained in the student's temporary record. The official designated under this Section shall also maintain a copy of each of these records. Each record shall include, but is not limited to, all of the following:
 - A) the student's name;
 - B) the date of the incident;
 - C) the beginning and ending times of the incident;
 - D) a description of any relevant events leading up to the incident;
 - E) a description of any less restrictive or intrusive alternative measures that were used prior to the implementation of isolated time out, time out, or physical restraint and why those measures were ineffective or deemed inappropriate;
 - F) a description of the incident or student behavior that resulted in isolated time out, time out, or physical restraint, including the specific imminent danger of serious physical harm to the student or others;
 - G) for isolated time out, a description of the rationale of why the needs of the student cannot be met by a lesser restrictive intervention and why an adult could not be present in the time out room;
 - H) a log of the student's behavior in isolated time out, time out, or during physical restraint, including a description of the restraint techniques used and any other interaction between the student and staff;
 - I) a description of any injuries (whether to students, staff, or others) or property damage;
 - J) a description of any planned approach to dealing with the student's behavior in the future, including any de-escalation methods or procedures that may be used to avoid the use of isolated time out, time out, or physical restraint;

- K) a list of the school personnel who participated in the implementation, monitoring, and supervision of isolated time out, time out, or physical restraint; and
 - L) the date on which parental or guardian notification took place, as required by subsection (g).
- 2) The school official designated under subsection (j)(3) shall be notified of the incident as soon as possible, but no later than the end of the school day on which it occurred.
 - 3) The requirements of this subsection (f)(3) shall apply whenever an episode of isolated time out or time out exceeds 30 minutes, an episode of physical restraint exceeds 15 minutes, or repeated episodes have occurred during any three-hour period.
 - A) A licensed educator or licensed clinical practitioner knowledgeable about the use of isolated time out or time out or trained in the use of physical restraint, as applicable, shall evaluate the situation.
 - B) The evaluation shall consider the appropriateness of continuing the procedure in use, including the student's potential need for medication, nourishment, or use of a restroom, and the need for alternate strategies (e.g., assessment by a mental health crisis team, assistance from police, or transportation by ambulance).
 - C) The results of the evaluation shall be committed to writing and copies of this documentation shall be placed into the student's temporary student record and provided to the official designated under subsection (j)(3).
 - 4) When a student experiences instances of isolated time out, time out, or physical restraint on any 3 days within a 30-day period, the school personnel who initiated, monitored, and supervised the incidents shall initiate a review meeting of the effectiveness of the procedures used, review the student's functional behavioral assessment, and prepare an individual behavior plan for the student that provides either for continued use of these interventions or for the use of other specified interventions. The plan shall be placed into the student's temporary student record. The review meeting shall also consider the student's potential need for an alternative program, for special education eligibility, or, for a student already eligible for special education, for a change in program.

- A) The district or other entity serving the student shall invite the student's parents or guardians to participate in this review meeting and shall provide ten days' notice of its date, time, and location. If a student has an individualized education program (IEP), an IEP meeting may satisfy the meeting requirement under this subsection (f)(4) and must comply with 23 Ill. Adm. Code 226 and 34 CFR Part 300.
 - B) The notification shall inform the parents or guardians that the student's potential need for special education, an alternative program, or, for students already eligible for special education, the student's potential need for a change in program, will be considered and that the results of the review meeting will be entered into the temporary student record.
- g) Notification to Parents or Guardians
- 1) A district whose policies allow for the use of isolated time out, time out, or physical restraint shall notify parents or guardians to this effect as part of the information distributed annually or upon enrollment pursuant to Sections 10-20.14 and 14-8.05(c) of the School Code.
 - 2) If a student is subject to isolated time out, time out, or physical restraint, the school must make a reasonable attempt to notify the student's parent or guardian on the same day the isolated time out, time out, or physical restraint is imposed.
 - 3) Within one business day after any use of isolated time out, time out, or physical restraint, the school district or other entity serving the student shall send the form required under subsection (f)(1) to the student's parents or guardians and the following information:
 - A) *a copy of the standards for when isolated time out, time out, and physical restraint can be used;*
 - B) *information about the rights of parents, guardians, and students;*
 - C) *information about the parent's or guardian's right to file a complaint with the State Superintendent of Education, the complaint process, and other information to assist the parent or guardian in navigating the complaint process. (Section 10-20.33(h) or 34-18.20(h) of the School Code); and*

- D) a description of the State complaint, mediation, and due process procedures for students who are eligible to receive special education services.
- 4) No later than 2 school days after each incident of isolated time out, time out, or physical restraint, the principal or another designated administrator shall notify the student's parent or guardian that he or she may request a meeting with appropriate school personnel to discuss the incident. *This meeting shall be held separate and apart from meetings held in accordance with the student's individualized education program or from meetings held in accordance with the student's plan for services under Section 504 of the federal Rehabilitation Act of 1973. If a parent or guardian requests a meeting, the meeting must be convened within 2 school days after the request, provided that the 2-school day limitation shall be extended if requested by the parent or guardian. The parent or guardian may also request that the meeting be convened via telephone or video conference. A meeting conducted under this subsection (g)(4) must comply with all of the requirements under Section 10-20.33(g) or 34-18.20(g) of the School Code. A summary of the meeting and any agreements or conclusions reached during the meeting shall be documented in writing and shall become part of the student's school record. A copy of the documents shall be provided to the student's parent or guardian. If a parent or guardian does not request a meeting within 10 school days after the school has provided the documents to the parent or guardian or if a parent or guardian fails to attend a requested meeting, that fact shall be documented as part of the student's school record. (Section 10-20.33(g) or 34-18.20(g) of the School Code)*
- h) Report to the State Superintendent
 - 1) No later than 2 school days after any use of isolated time out, time out, or physical restraint, the school district or other entity serving the student shall, in a form and manner prescribed by the State Superintendent, submit the information required under subsection (f)(1) to the State Superintendent.
 - 2) The State Superintendent reserves the authority to require districts to submit the information required under subsection (f)(1) for previous school years.
- i) Requirements for Training

- 1) Any adult who is supervising a student in isolated time out or time out, or who is involved in a physical restraint, shall receive at least 8 hours of developmentally appropriate training annually. Except for training on physical restraint, online training may be utilized for all training areas under this subsection (i)(1). Training is required in the following areas:
 - A) crisis de-escalation;
 - B) restorative practices;
 - C) identifying signs of distress during physical restraint and time out;
 - D) trauma-informed practices; and
 - E) behavior management practices.
- 2) All adults trained under this subsection (i) must be provided a copy of the district's policies on isolated time out, time out, and physical restraint.
- 3) Isolated time out, time out, or physical restraint, as defined in this Section, shall be applied only by individuals who have received annual systematic training on less restrictive and intrusive strategies and techniques to reduce the use of isolated time out, time out, and physical restraint based on best practices and how to safely use time out and physical restraint when those alternative strategies and techniques have been tried and proven ineffective. This training must include all the elements described in this subsection (i) and must result in the receipt of a certificate of completion or other written evidence of participation. No individual may use isolated time out, time out, or physical restraint before receiving the required training and certificate. An individual who applies isolated time out, time out, or physical restraint shall use only techniques in which that individual has received prior annual training, as indicated by written evidence of participation.
- 4) The training required under this subsection (i) with respect to isolated time out, time out, or physical restraint may be provided either by the employer or by an external entity.
 - A) All persons or entities who provide training must be trained and certified in:
 - i) the effective use of less restrictive and intrusive alternatives to prevent imminent danger of serious physical harm to the

student or others; and

- ii) the safe application of isolated time out, time out, and physical restraint when less restrictive and intrusive alternatives have been tried and proven ineffective.

B) The training shall include, but need not be limited to:

- i) the dangers associated with the use of isolated time out, time out, and physical restraint and the need to use interventions that are less restrictive and intrusive to reduce the risk of harm to students;
- ii) appropriate procedures for preventing the need for isolated time out, time out, or physical restraint, including the de-escalation of problematic behavior, relationship-building, and the use of alternatives to restraint;
- iii) recognizing and responding appropriately to the antecedent of a student's behavior;
- iv) recognizing contraindications and other conditions and events that increase risk of death;
- v) a description and identification of dangerous behaviors on the part of students that may indicate the need for isolated time out, time out, or physical restraint and methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted;
- vi) the simulated experience of administering and receiving a variety of isolated time out, time out, and physical restraint techniques, ranging from minimal physical involvement to very controlling interventions;
- vii) instruction regarding the effects of isolated time out, time out, and physical restraint on the person in restraint, isolated time out, or time out, including instruction on monitoring physical signs of distress and obtaining medical assistance;
- viii) instruction regarding documentation and reporting requirements and investigation of injuries and complaints;

and

- ix) demonstration by participants of proficiency in administering isolated time out, time out, and physical restraint.
- 5) An individual may provide training to others in a particular method of time out and physical restraint only if the individual has received written evidence of completing training in those techniques that meet the requirements of this subsection (i) within the preceding one-year period.
- j) Any use of isolated time out, time out, or physical restraint permitted by a board's policy shall be implemented in accordance with written procedures that include:
- 1) the circumstances under which isolated time out, time out, or physical restraint will be applied;
 - 2) a written procedure to be followed by staff in cases of isolated time out, time out, or physical restraint;
 - 3) designation of a school official who will be informed of incidents and maintain the documentation required under this Section when isolated time out, time out, or physical restraint is used;
 - 4) the process the district or other entity serving public school students will use to evaluate any incident that results in an injury to the affected student; and
 - 5) a description of the district's or other entity's annual review of the use of isolated time out, time out, or physical restraint, which, at a minimum, shall include:
 - A) the number of incidents involving the use of these interventions;
 - B) the location and duration of each incident;
 - C) identification of the staff members who were involved;
 - D) any injuries or property damage that occurred; and
 - E) the timeliness of parental or guardian notification and timelines for agency notification and administrative review.

k) Complaint Procedures

- 1) Any parent or guardian, individual, organization, or advocate may file a signed, written complaint with the State Superintendent alleging that a local school district or other entity serving the student has violated this Section. The complaint shall include all of the following:
 - A) the facts on which the complaint is based;
 - B) the signature and contact information for the complainant;
 - C) if known, the names and addresses of the students involved and the name of the school of attendance;
 - D) a description of the nature of the problem, including any facts relating to the problem; and
 - E) a proposed resolution of the problem to the extent known.
- 2) The State Superintendent shall only consider a complaint if it alleges a violation occurring not more than one year prior to the date in which the complaint is received.
- 3) After receiving a complaint that meets the requirements of this subsection (k), the State Superintendent shall:
 - A) carry out an independent investigation, including, but not limited to, an on-site investigation, if deemed necessary by the State Superintendent;
 - B) give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint; and
 - C) require that the public entity that is the subject of the complaint submit a written response to the complaint. The public entity shall submit its response and all other documentation to the State Superintendent and the parent, individual, or organization filing the complaint no later than the date indicated in the written correspondence received under this subsection (k), except as prohibited under the Freedom of Information Act [5 ILCS 140].

- 4) The State Superintendent must issue a written decision to the complainant that addresses each allegation in the complaint and that contains all of the following:
 - A) findings of fact and conclusion;
 - B) the reasons for the State Board of Education's final decision; and
 - C) orders for any action, including technical assistance.
 - 5) If the State Board receives information, from school data reporting or any other source, alleging or indicating that a school district or other entity serving a student has violated this Section, the State Board shall have the authority to commence an investigation under subsection (k)(3) and issue a written decision as to the allegations or indications under subsection (k)(4). An individual, organization, or other entity providing such information to the State Board shall be able to do so confidentially.
 - 6) The complaint procedure under this subsection (k) does not limit, diminish, or otherwise deny the federal and State rights and procedural safeguards afforded to students.
- l) Compliance Measures
- 1) The State Board shall continuously audit or monitor school districts or entities that have utilized isolated time out, time out, or physical restraint to ensure that the school district or entity is meeting the State Board's established goals and benchmarks for reducing and eventually eliminating the use of isolated time out, time out, or physical restraint. These goals and benchmarks will be established in accordance with the requirements of Section 2-3.130(e) of the School Code and will be available on the State Board's website. Each school district or entity that utilizes isolated time out, time out, or physical restraint must:
 - A) Demonstrate progress toward the statewide goal of achieving a reduction in the use of physical restraint, time out, and isolated time out for students. *The progress toward the reduction and eventual elimination of the use of isolated time out and physical restraint shall be measured by the reduction in the overall number of incidents of those interventions and the total number of students subjected to those interventions.* (Section 2-3.130(e) of the School Code)

- B) Create an oversight team to develop a school district plan, including school-specific considerations, for reducing and eventually eliminating the use of time out and physical restraint. The plan must include specific actions set forth in Public Act 102-339. This school district plan is required unless a school district can show that it has not used isolated time out, time out, or physical restraint within the previous three years and the school district has adopted a policy prohibiting these interventions and can demonstrate enforcement of that policy;
 - C) Make the school district plan available for review by parents;
 - D) Modify the school district plan as necessary to meet the goal in subsection (l)(1)(A); and
 - E) Submit a report to ISBE once per year for three years detailing progress made toward achieving the goal in subsection (l)(1)(A)
- 2) The State Board will review each school district's or other entity's plan to reduce and eventually eliminate the use of isolated time out, time out, or physical restraint and will periodically follow-up with the school district or other entity to ensure compliance with the plan.
- 3) In addition to the authority granted to the State Board under subsection (k), the State Board shall have authority to initiate any of the following compliance measures if a school district or other entity violates this Section:
- A) publishing a public notice on the State Board's website that includes a description of the school's or entity's violation;
 - B) requiring the school or entity to provide notice of the violation to the parent or guardian of the student and the school official designated under subsection (j)(3) and shall require the release of any school improvement plan if required to be drafted under subsection (l)(1)(C);
 - C) requiring the school or entity to draft a school improvement plan that directly addresses, but is not limited to, the following:
 - i) a description of the violation;

- ii) the reasons proven or believed to be the cause of the violation;
 - iii) the school's or entity's plan to ensure the violation does not reoccur; and
 - iv) alignment of the plan to the State Board's established benchmarks and goals in subsection (1)(1).
- D) requiring the school or entity to conduct a functional behavioral assessment, with written parental or guardian consent, if applicable, or to create or revise a student's behavior intervention plan, with input from the student's parent or guardian, and to provide a copy of those documents to the State Board;
- E) monthly oversight meetings with State Board staff to review the school's or entity's progress toward correcting the violation;
- F) announced or unannounced on-site visitation and monitoring of the school or entity;
- G) interviews with school personnel or other staff members, parents or guardians, or students, as appropriate;
- H) requiring specified school personnel or other staff members to complete further training or professional development; and
- I) referral to other State agencies or law enforcement, as necessary.
- 4) A school district or other entity that does not comply with the compliance measures under this subsection or that has multiple findings of noncompliance will be subject to the progressive enforcement actions outlined in Section 1.20.
