

Strategies to Improve Communication with AAC

Mariana Polistchuk M.S. CCC-SLP

(FUNctional Speech Therapy)

This session provides an overview of evidence based AAC implementation strategies to support individuals with complex communication needs and their communication partners. You will walk away with a plethora of ideas and strategies to implement with your students. This session will also address how to maximize student's exposure to core vocabulary as well as how to facilitate and improve functional and social communication skills for students who use AAC.
