

Are you inadvertently putting up barriers to your students' learning?

Are you ready to change that, and create a classroom environment where all students can find success?

WenGroup Learn Teacher Cohorts Universal Design for Learning (UDL)

The participants will learn how to create and adapt curriculum for all learners in their classroom. The same group of teachers will work together during the semester. Teachers sign up for one semester only.

What is special about this cohort approach?

Teachers will identify a real problem they are encountering in their classroom and then work collaboratively to design a solution, implement it, gather feedback, and continue to perfect the approach to effect real change in their classroom.
